LUBRICANT SPRAY

Dyna-Pro® Multi-Purpose Lubricant is a penetrating oil with the ability to infiltrate narrow spaces to free mechanical parts, act as a lubricant, cleaner, water dispersant, mold releasing and anti-rust agent. It is used across all industries, in building, plumbing, electrical works and general maintenance operations including unjamming doors, cables, stain removal etc.... In the automobile industry, it acts as an effective lubricant of hinges, screws, locks, braking and suspension systems, it maintains electrical circuits and contacts and keeps moisture away from ignition circuits. In agriculture, it acts to loosen screws and jammed mechanisms, maintain and lubricate equipment and prevent water initiated short circuits.

Features

- Lubricates, Stops Squeaks
- Protects from moisture, dust, rust and corrosion
- Cleans stains, grease, grime, ink etc.
- Penetrates jams to loosen them
- For industry, home, office, auto, boat, bike etc.
- Silicone free lubricant

Application

1. Shake can well for 60 seconds. Spray generously to saturate the area to be treated and allow it to soak.
2. Spray generously Dyna-Pro® Multi-Purpose Lubricant directly where required.
3. Allow treated area to soak, reapplying if necessary
4. Do not wipe the lubricant
5. Apply spray only in well ventilated environments
6. Keep in cool, dry place, away from sunlight
7. Toss empty can in trash.

Technical Data

Property	Unit	Value
Color		Yellowish liquid
Odor		Lemon
pH Value		Neutral
Density at 20°C	g/ml	0.74
Inside pressure at 20°C	MPa	0.45 ±0.05
Volatilization residue	%	8
Emission rate	%	≥92

Shelf Life

36 months from date of production, when stored at or below 30°C in the original unopened container

Packaging

- 400 mL can

Caution

HIGHLY FLAMMABLE

Can contents under pressure. Do not puncture or burn.

Do not place in hot water or near other sources of heat such as stoves & radiators.

Use only in well-ventilated areas.

Designed & Manufactured According to AFAQ
ISO 9001:2015 Certified Quality Management System
