

## PACKAGING TAPE

Premium quality, solvent-free packaging tape with high resistance to light and to low temperatures. Manufactured with biaxially oriented polypropylene film and water-based acrylic polymer adhesive. Suitable for hand dispensers and automatic sealing machines. Ideal product for industrial use and in applications requiring lightweight packaging and bundling.

## Features

- Excellent adhesion on most surfaces
- Very good aging resistance
- Low odor
- Unrolls clean with no splitting and tearing
- Performs consistently across a wide range of temperatures
- Resistance to UV
- Non-yellowing
- Resistance to water, oil, solvents
- Custom Widths available upon request

## Instructions

This tape may be applied manually or with a handheld tape dispenser / carton sealer. It may also be used in an automatic carton sealer (jumbo sizes available). Simply unroll the tape and apply slight pressure to ensure proper adhesion.

## Standard Colors

Clear & Tan

## Technical Data

| Property                | Unit    | Value   |
|-------------------------|---------|---------|
| Total Thickness         | Microns | 45 ± 1  |
| Adhesion                | N/cm    | >2.2    |
| Elongation at break     | %       | >116    |
| Breaking Load           | N/cm    | >39     |
| Application temperature | °C      | 4 to 40 |

## Storage Information

Store in a cool dry place away from heat source and sunlight at a temperature of 5°C to 25°C and relative humidity of about 50%.

## Shelf Life

18 months from date of production, when stored at or below 25°C in the original unopened container
